To: Canadian Dental Assistants Association Board of Directors

This will acknowledge receipt of your letter related to the generic 'Return to Practice' manual prepared by the CDA. Your letter has been shared with the CDA Board of Directors, the CDA 'Return to Practice' Task Force and with the member provincial and territorial dental associations of the CDA.

The manual was developed as a resource for CDA's member dental associations to assist them in producing guidelines for their respective member dentists. As indicated in the manual, the document was informed by the best available scientific evidence and expert opinion available at this time and is subject to revision as additional information and data becomes available. As new evidence becomes available, the document will be updated accordingly.

Sincerely,

James Armstrong, BSc, MBA, DMD
President
